

Camp letter 2

The submission date for showing interest in participating in Vasalägret 2020 is now closed. The interest of participating has been huge. This camp letter includes term meetings for each age-group and a list of all scoutgroups that has made a submission.

Next camp letter will be sent out in the beginning of the spring term. It will include how to submit the final registration and other practical information regarding Vasalägret.

New start date

Due to requests, the camp committee LÄKO, has decided to change the start date to July 26 instead of July 25. The youngest scouts, Trackers (7-9 years old), will not be affected by the change of start date and will participate from July 29, as previous announced.

Term meetings for the spring

Attached to this camp letter is term meetings for Trackers (7-9 years old), Explorers (10-11 years old) and Adventurers (12-15 years old). The meetings are created by people responsible for each age category at the camp.

The suggested meetings are not mandatory. They are created to inspire and prepare the scouts for participating in Vasalägret. If you have any questions regarding the meetings, do not hesitate to contact us by sending an email to program@vasa2020.se

Program for Challengers

Since requests has been taken into account regarding the participation of Challengers (15-18 years old), new decisions has been made. This means that Challengers (15-18 years old) may participate in Vasalägret both as a participant and a volunteer. There will be an activity programme including pioneering, hiking tour and a hub for free time.

We would love to see Challengers (15-18 years old) volunteering on the camp during the week. We offer a SEK 50 discount for every shift you do during the week (July 26-August 1), a total of SEK 100/day. To volunteer is not mandatory. It will be possible to sign up for one or more volunteer duties. You don't have to volunteer for the same assignment all week, but you will be having the same assignment for some time during the morning or the afternoon.

Scout groups that has shown interest

The number of scout groups that has submitted their interest in Vasalägret is 86, resulting in 2973 scouts. Scout groups from 20 different districts within the Swedish scouting movement. Also scout groups from outside of Sweden has shown interest: Norway, Germany, Great Britain, Switzerland and Belgium. Great fun!

Below is a list of all scout groups that has shown interest.
