

Camp letter 3

It's February and time for camp letter number 3! This letter contains the final submission, information about how to travel to the camp area from Kalmar and further information for the Challengers.

Submission

The final submission for participating in Vasalägret 2020 will open March 1st and close April 26. The camp committee chose to open the final submission later than planned to make sure all the scout groups will have plenty of time to collect the submissions from the scouts during the submission period.

The reason for this decision is that the camp has received more submissions of interest than we will be able to accommodate. Scout groups from Dacke scout district will be prioritized if they send their final submission before April 26. After that date, Dacke will not have priority. International scout groups will also be prioritized.

We do not accept any final submissions before March 1st.

The submission contains 4 different documents. The final submission is a Word document which you hand out to your scouts and leaders who plan to participate at the camp. Do not forget to add a date when you want the scout to return the submission to your leader! There might be information that you need to collect, therefore you can also add further information in the document.

The document for special dietary needs is sent as a pdf-file, because it will not have to be edited. These two documents, the final submission and the document for special dietary needs is translated in to English, French, German, Dutch and Norwegian.

During the camp week, Explorers, Adventurers and Challengers will get the opportunity to try an adventure track on the camp area. Scouts under the age of 18 needs permission from their guardians to participate. A document for guardians written consent should be returned to the camp when checking in. An under aged scout that do not have guardian's permission will not be able to participate on the adventure track.

The last document to fill in is the final submission from the scout group. This is an Excel-file which scout leaders fill in when scouts return their submissions. The Excel-file should be sent by email to the camp, only one edition per scout group. You may write in English. Send the document to info@vasa2020.se
